BEML Limited Secures ₹157 Crore Order for 15 Sets of Switch Rail Grinding Machines

December 04, 2025 | Bengaluru : BEML Limited, a leading Public Sector Enterprise under the Ministry of Defence, Government of India, has secured a significant contract valued at approximately ₹157 crore for the manufacture of 15 sets (30 cars) of Switch Rail Grinding Machines. The order has been awarded by Loram Rail Maintenance India Private Limited, a global leader in advanced rail maintenance technologies.

Under this contract, BEML will manufacture and supply state-of-the-art Switch Rail Grinding Machines to Indian Railways, supporting its mission to modernize track maintenance infrastructure and elevate operational efficiency across the national rail network. These specialized machines are engineered to deliver precision grinding of railway switches and crossings—improving track reliability, enhancing ride quality, and significantly reducing maintenance downtime.

Commenting on the development, Shri Shantanu Roy, Chairman & Managing Director, BEML Limited, said: "This order marks another milestone in our journey of strengthening India's rail infrastructure with advanced, indigenous solutions. At BEML, we remain deeply committed to supporting the vision of a modern, efficient, and future-ready railway ecosystem. Through world-class engineering and a strong spirit of innovation, we continue to contribute to building a New India powered by self-reliant and sustainable rail technologies."

The high-performance machines are designed to significantly reduce maintenance downtime, increase asset lifecycle, and contribute to more efficient and reliable rail operations across the country. This order further reinforces BEML's long-standing partnership with Indian Railways and underscores its capability to deliver world-class engineering solutions for national infrastructure. With its comprehensive manufacturing ecosystem, advanced technology base, and commitment to quality, BEML continues to play a pivotal role in strengthening India's rail modernization journey.

About BEML Limited:

BEML Limited, a leading multi-technology 'Schedule A' company under the Ministry of Defence, plays a pivotal role in serving India's core sectors, including Defence, Rail, Mining, and Construction, by offering world-class products. BEML operates in three verticals: Defence & Aerospace, Mining & Construction, and Rail & Metro. It has state-of-the-art manufacturing facilities located in Bengaluru, Kolar Gold Fields (KGF), Mysore, and Palakkad, with a strong R&D infrastructure and a nationwide sales and service network. With a legacy spanning six decades, BEML is a committed player in manufacturing earthmoving, transportation, and construction equipment, driving excellence and innovation.
