Our Proud Corona Warriors

During 2020-2021, Corona virus affected our lives at a global level. While on one hand people were largely confined to their homes with business and education institutions shut down in an attempt to contain the virus, on other hand, doctors, health-care workers, medical and para-medical staff members led the battle against Covid-19 from the front.

At BEML, our Corona warriors working at medical center joined hands with the Nation, by putting their own lives at risk with selfless determination for the sake of saving lives. They are truly the heroes in this challenging times.

BEML Journal salute their courage, valour and selflessness in serving the society.
